

HW 2, addendum
CHEM 362

Problems 7, 9, 11, 12, and 13 will be due on **Feb. 11, 2008.**

If you've already done these problems on the previous assignment, please recopy them onto a separate sheet of paper and turn that in. I would really appreciate it if you didn't just turn your original HW 2 assignment back in. This should help to avoid any confusion while grading.
